**SUBJECT: KUPE GAS PROJECT NEW ZEALAND
SUBCONTRACT TITLE – FLARE PACKAGE
SUBCONTRACT NUMBER – PR006008-000-1800-CN-004
SUCCESSFUL COMPLETION OF PROJECT**

Dear Sir,

In December 2009, the Kupe Gas Plant was successfully completed and handed over to Origin Energy New Zealand.

On behalf of the Kupe Alliance (being Technip Oceania Pty Ltd and Origin Energy Resources (Kupe) Limited), I would like to extend our sincere thanks to the management team and your fabrication team at Dyna-Mac for their excellent effort that has contributed to the overall successful delivery of the Kupe Gas Plant.

The Dyna-Mac organisation is to be commended for its cooperative, positive and pro-active approach during the Tender and eventual performance of the Kupe Flare Package. Your willingness to the Kupe Alliance in delivering a fast track fabrication schedule is a credit to your organisation and the values it upholds.

We value your continued support as is evident from this and previous projects which we have worked together on and we are certain that our relationship will grow in the future.

Thank you and congratulations on a excellent result.

Yours faithfully,

Paul Browne
KUPE CONTRACTS MANAGER
