

# *Thunder Hawk Hull Structure*

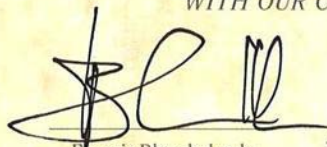

In reference to the Construction, Mechanical Completion and Commissioning of the 9,000 ton Thunder Hawk Hull Structure carried out in Dyna-Mac's Singapore Yard from November 2006 to July 2008.

SBM Atlantia compliments Dyna-Mac on their world-class performance of the work on this fast-track project.

SBM Atlantia thanks Dyna-Mac's whole Project Team for their total commitment and high quality of workmanship applied throughout the project.

SBM Atlantia welcomes the opportunity to work with Dyna-Mac on Future Projects.

*WITH OUR CONGRATULATIONS ON A SUCCESSFUL PROJECT.*
